

## DEFEAT BOLSHEVIK IS AIM OF KOLCHAK

American Leader Gives Message for  
America in Interview—Must Save  
Russia, He Declares.

### TO SET UP LAW AND ORDER

Purpose is to Restore Autonomy and  
Freedom, He Asserts—Old Regime  
to Be Barred Permanently.

By The Associated Press.

OMSK, April 1 (Delayed).—The aim which the government sets for itself should be the general aim of the loyal citizens of Russia—to free the country from the bolshevik lash to give the last remains of the national unity and to proceed then under conditions of complete order, wisely to reconstruct the peoples' life upon the basis of free participation of the people themselves in the organs of the general state and local government. Admiral Kolchak, supreme leader of the all-Russian government, in talking to the Associated Press correspondent there, gave this as his message to the American people.

"As my main task, I set the establishment of any army with fighting capacity, victory over the bolsheviks and the establishment of law and order."

"He said that the work and the principles of a governmental rehabilitation of a single great Russia included:

"The impossibility of a return to the old regime.

"And the peoples of Russia without distinction of religion or nationality, should have equal rights.

"To all nationalities, according to their desire, should be granted cultural autonomy."

## Juryman Gets in Jam When Two Courts Are Seeking His Service

The calling of John Ezzell, a taxicab driver, as juryman in two courts, thus laying him liable for contempt of court for failure to attend either, although both are in session, placed him in a serious predicament Friday.

Ezzell was called for service on the special panel in the district court, and subsequently he was chosen from the list of regular jury names, to sit in the jury of the superior court. He served as a juror in district court several days last week, and then failed to appear when his name was called in making up a trial jury.

Harry Stuge, clerk of the district court, was instructed by Judge Cole to serve a writ of attachment for the delinquent. Before this could be done, Stuge learned that Judge L. W. Martin, of superior court, being unaware that Ezzell had been called on the special panel previous to his selection from the regular jury lists for service in superior court, had himself issued an attachment for Ezzell and had him brought before the superior court to show why he should not be fined for contempt.

Upon learning these facts, Judge Cole surrendered his right to the juryman, allowing him to respond to any call from the superior court.

### PALMER SAYS HE IS NOT A CANDIDATE—FOR WILSON

PHILADELPHIA, April 25.—"If President Wilson so wished, he would be nominated and would be re-elected. I do not think there is any doubt of that."

This is the optimistic prediction of Attorney General A. Mitchell Palmer in a statement issued today regarding the reports that Mr. Wilson might seek a third term.

Incidentally, Mr. Palmer, who last night spoke in this city, disclaimed any personal presidential ambitions and emphatically said the department of justice would enforce prohibition following July 1.

On the subject of prohibition, Mr. Palmer said:

"You can hardly say that demobilization has taken place when we have a million men or so under arms as we will have then. Unless the president rescinds his proclamation the country will go dry July 1."

Plague in Argentina. BUENOS AIRES, Thursday, April 24.—The president of the national bureau of hygiene said today that here are still some cases of bubonic plague in sections along the river front, but that the bureau was rapidly gaining control of the situation and exterminating rats in that quarter of the city. A new influenza outbreak among naval conscripts has occurred, the bureau admits.

## HEAD OF ZION CITY IS NOW UNDER FIRE

Successor to Dowle Asked to Give  
an Accounting of His Real  
Estate Transactions.

SPRINGFIELD, Ill., April 25.—

The legislature is investigating the real estate operations of Wilbur Glenn Voliva, overseer of the Christian Catholic Apostolic church of Zion City, the town founded a few miles north of Chicago by John Alexander Dowle.

Voliva, who is successor to Dowle, "The Second Elijah," whose claims to divine power attracted international attention, is said to dominate both the church and the municipal government in the church town.

Has Corner on Real Estate. The resolution for an inquiry, which encountered virtually no opposition, declares Voliva is "owner or pretended owner of all or nearly all of the real estate" in Zion City and that through his position he "is enticing citizens of this and other states to invest large sums of money in leases of land in the city and in other Zion enterprises pretending to extend over a period of a thousand years."

The resolution further alleges that the Zion church "is using the city government of Zion City, the schools and the courts to carry out its illegal and fraudulent purposes in securing property and oppressing those citizens of the state of Illi-

nola who do not conform to the pretended beliefs of said institution."

Voliva denies the charges and declares he will fight every step of the way.

Faction Starts Probe. Zion City sets back from Lake Michigan in Lake county and looks like almost any other northern Illinois city. Its population at the last federal census was 4,789. The church, which controls the municipality, has adherents in other states and a large number in Chicago where Dowle had a considerable following. A newspaper serves as the mouthpiece of the institution and most of the business houses are related to the church. City ordinances govern the conduct of the citizens, among other things, prohibiting swearing and smoking and eating of pork or oysters.

For some time a group of "Independents" have been exercising a counter influence in Zion City, and the efforts of this group, it is said, were responsible for the beginning of the inquiry.

### THIEVES STEAL SAME CAR THREE TIMES IN 60 DAYS

For the third time within two months the seven-passenger Chandler automobile belonging to F. H. Dunlap, 216 North Frisco avenue, was stolen. Thursday night while the car was parked along the curb of the 500 block, South Cheyenne, some unknown party got away with it.

The police were notified, but no trace of the machine has been found.

## Deny Theft Charges.

Archie O'Dell and W. B. Fitzpatrick, charged with stealing 35 joints of two-inch pipe from a company composed of Henry Hornecker, G. J. Miller and T. P. Dunnigan on April 22, pleaded not guilty at their arraignment Friday before Justice H. J. Gray and were committed to jail under bond of \$1,000 each for preliminary trial May 6.

## LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
